Press Release

Hendricks County Humane Society thanks Pathology Lab at Clarian for Donation:

- Danville, IN July 27, 2010 The Hendricks County Humane Society would like to thank the Pathology Lab at Clarian downtown, this is the third time we have had a donation from this group HCHS is so very grateful for their continued support. Anita Padgett, HCHS Pet Food Pantry Coordinator is inspired by Janet Reynolds. Anita says, "Janet's group was making the animals their community project for the year, they collected dog food, cat food, bones and treats. I picked the donation up on a very stormy day in August and it was passed out to some very needy pets. Just before the holidays Janet called again, telling me she had another donation. This donation was from coupons and special 'buy one get one free' that Janet had been stocking up. This also was a car load; this is what inspired me to get so involved in the Pet Food Pantry. I honestly do not believe that I would have gotten involved or so dedicated if it were not for Janet Reynolds and the Pathology lab at Clarian. Then on July 13, we received another donation from this great group of people and I am so overwhelmed at the generosity that they have again, shown to our Project. Words just aren't enough to say how we feel but it does come from the heart, THANK YOU!!! " HCHS has been operating the Pet Food Pantry since the beginning of the year, and plans on operating the pet food pantry indefinitely or until there is no longer a need. The intention is to feed the animals in need, to keep them from being surrendered to a different home, or to an overcrowded shelter. The program has been successful, assisting hundreds of residents, and rescues in Hendricks, Putnam, Owen, and Marion Counties. If you or your organization would like more information regarding pickup/delivery of the food; or if you are interested in donating to this worthwhile cause, please contact the HCHS office at (317) 718-0312, or by emailing at info@hendrickscountyhumanesociety.org.
