Press Release

Hendricks County Humane Society thanks Hendricks Regional Health Nurses for donation of Food for the Pet food Pantry

- Danville, IN June 18, 2010 The Hendricks County Humane would like to thank Hendricks Regional Health Nurses for their most generous donation of 677 pounds of dog and cat food! This donation will allow us to provide assistance to individual families, animal shelters, and rescues. We would like to sincerely thank them for their donation and value their partnership in solving this great need in our community. We now have many joyful stories from folks who have used this service for their pets and felt that a financial burden has been lifted from their shoulders. HCHS has been operating the pantry since the beginning of the year, and plans on operating the pet food pantry indefinitely or until there is no use. The intention is to feed the animals in need, but also divert them from being surrendered to a different home or worse to an overcrowded shelter. The program has been successful so far assisting Hendricks County residents, as well as people, situations, or rescues in Putnam, Owen, and Marion Counties. If you or your organization would like more information regarding pickup/delivery of the food or interested in donating please contact the HCHS office at (317) 718-0312, or by emailing at info@hendrickscountyhumanesociety.org.
